I just wanted to thank all of you for all the amazing experiences I've had here at Fensterstock. To those of you I didn't get a chance to say good bye to in person, I am sorry I didn't get to, because each of you has made my time with F&P incredibly special. I've learned so much in my summers and my first year as a (baby bird) lawyer, and you all have been mentors to me. F&P is a really special and unique environment, giving young lawyers more responsibility than other firms, handling complex and interesting cases, yet retaining a closeness amongst all the employees. This is bittersweet, because I truly care about you all, and appreciate all of your guidance and encouragement throughout my time here. I will miss all of you, and sincerely thank you for your friendship. I wouldn't be able to express in words how much I've learned from all of you. I hope you all keep in touch, and I certainly plan on dropping in whenever I'm in New York!
